Aspray can help you experience a less stressful property insurance claim for your home or business

If your home or business premises has been damaged, and you need to make an insurance claim, Aspray can help you achieve a fair settlement from your insurer.

Once your settlement has been agreed Aspray will instruct and oversee vetted contractors from your local area to reinstate and repair your property. A local Aspray loss assessor will ensure that your property is reinstated to its previous condition as quickly as possible.

Best of all, there is no charge* to you for the Aspray service if you use their contractors to complete the repairs, as they are paid by your insurers.

*Any excess stated within your policy will still apply. **Aspray Ltd will give you £100 towards your insurance excess when you instruct us to manage your claim and all restoration works have been completed. Terms and conditions apply. Aspray Ltd is authorised and regulated by the Financial Conduct Authority for claims handling only.

Top tips for a tip top property

They say prevention is better than cure. That is certainly the case when it comes to your property. By carrying out these simple tasks you can safeguard your home or business, making it secure and ready to withstand the worst of the weather.

Roof: make a visible check of your roof to ensure there are no slipped tiles. High wind could blow tiles off the roof, damaging whatever they hit, as well as increasing the chance of leaks

Drains and gutters: ensure that drains and gutters are clear and silt-free

Walls: make sure your damp proof course is not bridged by debris

Garden: prune any trees near to your property to prevent branches falling onto walls or into windows during high winds

Security: check that your security lights and their sensors are working properly

Garage/shed: ensure the locks on outside buildings are in good working condition

Water: check your stopcock and review the insulation of the pipes and tank in the roof – a cold snap could freeze the tank. It is also a good idea to get your central heating boiler serviced regularly

Electric: check plugs and sockets for cracks and damage. Have them replaced if necessary. Check your fuse box and make sure you have spare fuses to hand

Alarms: regularly check that smoke alarms are working – if you do not have them make it a priority to install them. If you have a burglar alarm ensure it is serviced

Insurance: make sure your property is fully covered and any valuables or additions, such as a new conservatory or extension, are included on your policy. Ask yourself if the value of your insurance covers the cost of replacing your property and its contents. If you are unsure then you should speak to your Insurance Broker
